A grade in success will be denied any and all teachers failing to make this report.

NOTES—*(1). After three days of absence the pupil should be withdrawn, and his absence counted no more for that period of absence. After being withdrawn he is not a pupil in the school, and cannot be again until he is re-entered as in item 6.

**(2). To find the average daily attendance, divide the whole number of days of attendance made by all the pupils by the number of days of school taught.
